The young people's societies are doing a great work for the church and are increasing in numbers and spiritually. This week has been especially interesting for two days, the occasion being the convention of the Central District, large numbers of candidates being here. Notwithstanding the hot weather Tuesday, nearly 75 delegates arrived and work began at 11.45 and with V. W. Cushman, president of the district league in the chair things had to move. Committees were appointed and the work well begun in the forenoon. The Norway chapter had things well in hand so entertainment was well provided. The large number of delegates were taken over the village by the reception committee.

In the afternoon business was resumed after a devotional service. C. Elwood Brooks gave an interesting address of welcome to which the president replied in an appropriate manner. Papers and addresses followed throughout the afternoon services making it lively and helpful to all.

In the evening an able address was given by Rev. F. V. Stanley of Lisbon.

Wednesday morning at six o'clock a large number gathered on the top of Pike Hill where an interesting meeting was held led by Rev. J. C. Prince of Lisbon Falls.

At 9.30 most of the delegates took steamers for a sail on the lake.

The afternoon session opened at 1 30 and an interesting program was carried out, officers elected and committees reported.

The closing service was held in the evening addressed by Rev. F. L. Haywood of Auburn and it was most able and spiritual address. The attendance in the evening was large. This convention was pronounced the best yet held in the Lewiston district.

Many of the delegates from this convention and from Norway league go to Dover to the State convention to be held the 27th and 28th of this month.

The Gertrude Roberts Co. played at the Opera House, Friday and Saturday evenings to small houses, This hot weather people are not inclined to house themselves more than is absolutely necessary.

Next Sunday, June 30th, will be observed as young people's and children's day at the Congregational church in the village. The pastor, Rev. B. S. Rideout, will give a sermon to the children (all under twenty years of age) in the morning. There will be the usual Sunday school at 12 o'clock. At 7 o'clock in the evening there will be a concert. The article to take a clear comprehensive vote in the matter of providing additional school room was passed over and the meeting adjourned. This leaves the matter where it was before the annual March meeting with no provision for better school accommodations.

Base Ball League.

At a meeting held in Norway, Tuesday evening, a base ball league was formed to be known as the Oxford County league. Representatives from Norway, South Paris, West Paris and Waterford were present and the circuit will include these places.

The league will open on next Saturday, June 29, when the Norways play the West Paris team at the fair grounds and the South Paris team play the Waterfords at Waterford.

A big tournament will be held July 4th on the fair grounds, in which all the teams in the league will participate.

The schedule for the remainder of the season will be made up and given out in a short time.

The teams are all fast and playing good ball and are evenly matched, and there is no reason why base ball lovers should not see some close and exciting games right here at home.

All that is needed for the league to make good is for those who enjoy the sport to turn out and help the thing along with their attendance and support. With good weather there should be a big crowd out at the opening games, Saturday, both at Norway and Waterford.

The game at the Fair grounds, Saturday will begin at 2 30 o'clock, sharp.

Purse $100.

The league has a base ball tournament on the fair grounds, Norway-South Paris July 4. The first game will be called at 10 o'clock, in the forenoon, between two of the four teams of the league and in the afternoon at 1 o'clock the two remaining teams will play, after which the two winners.

These are regular league games and will count in the league standing.

Age is said to be no bar to the love of fishing. Col. M. W. Sampson reports seeing Uncle Daniel Lebroke of North Waterford skipping for pickerel from a flat-bottomed boat the other morning. Mr. Lebroke is in the vicinity of ninety years of age and hale and hearty.

Children's Day, Norway Grange.

Norway Grange held their annual Children's Day exercises last Saturday, June 22d. Fifty children were seated at the first table and did ample justice to the bountiful supply of food, which the matrons of Norway Grange know how to prepare so well. In the afternoon Worthy Master Elon Brown called to order and the Lecturer presented a varied and pleasing program.

Those worthy of special mention were a declamation by Master Charles Dunn, which was delivered in a forceable manner and pleased every one. The hoop drill given by the Norway Center school children was extremely well done as even the little tots took part and did creditably well too. The young ladies were gowned in white led by Helen Dunn, who acted as usher. All carried hoops covered with red and white paper. The drill consisted of two parts; the first was a series of calisthenic drill movements and the last introduced a fancy march. It showed the result of hard practice and much credit should be given the teacher, Mrs. Bessie Delano, who drilled the children and acted as accompanist.

Another Club Supper.

The Heywood Club ladies gave another of their famous club suppers at the home of Mr. and Mrs. A. T. Crooker, Millettville, June 19. Although the evening was showery yet with undaunted courage 80 partook of the excellent supper, about 20 coming from the Lakeview Club.

During the supper hour and while the tables were being cleared selections were played on the graphophone by Mrs. Forrest Thurston, after which all were invited into the spacious dining room where a tree standing at one end of the room was laden with bananas and oranges, each suspended from strings tied to the limbs of the tree and presenting a very inviting picture indeed, and for two cents a shot each one who desired could try his skill at hitting the fruit with a small rubber ball, standing at the opposite end of the room. This caused much merriment for an hour or more, when the room was again cleared and dancing became the order of the evening.

The guests departed at a late hour feeling very gratified to both Mr. and Mrs. Crooker for their kind hospitality.

The Semester's New Cover.

Until the last issue of the Hebron Academy paper, The Semester, the same design has been used on the cover since the paper was started in 1891. This drawing was made by the architect who planned the buildings, John Stevens of Portland. Until the last issue the faculty were not willing to make a change in the design as nothing that was submitted to them was satisfactory. This new design is the work of Vivian M. Akers of Norway, a student of the Academy in the class of '08. It shows an excellent likeness of the building, also scroll work and makes a very neat looking cover. In a comment in the paper the faculty speak highly of Mr. Akers' work.

Mr. Akers' has drawn some very good posters for the ball games there this season, and does considerable other work in this line. He has at present a very pretty landscape that he has painted for Don C. Seitz of the New York World.

Another student at the Academy, who does some good work in this line and often did sketching with Mr. Akers, is a Japanese boy, Yasuro Oka of Osaka, Japan.

CARD OF THANKS.

It is with the deepest sense of gratitude and appreciation that we wish to extend our thanks to our friends and neighbors and to the members of The Good Cheer society for the many gracious and thoughtful acts, words and kindnesses they have so kindly bestowed upon us during the illness and death of our beloved wife and mother. For the many floral offerings which brighten our sad hour we were indeed most grateful.
HIRAM PULSIFER,
MRS. E. LOUISE DURGIN,
AND MEMBERS OF THE FAMILY.
*

Mrs. Harriet C. Pulsifer.

Just as the sun was going to rest,
Her Father called from above,
She answered that call and just stepped up
Into Peace, sweet Peace, the gift of God's love.

Many hearts were called to sorrow when tidings came last Friday afternoon of the death of Mrs. Harriet Childs Howard, beloved wife of Hiram Pulsifer, Esq., at her home on Pleasant street. Mrs. Pulsifer's life has an unusual charm and interest about it, for it has been like one long beautiful day. She was indeed rich in all that makes life worth the living.

She was the daughter of Major and Mrs. Elijah Howard and was one of ten children, Walter Howard of Plainfield, N. H., being the only one now living. Lisbon, H. H. was her birthplace and July 10 would have made her 79 years of age.

Ties of a lifetime were indeed broken, for Mr. and Mrs. Pulsifer had walked the path of life together for fifty-eight years, the 24th of last March. Kindness was measured out to them for seven children were born to them and have been spared to them during all these years, five sons and two daughters, Mrs. Ella A. Cotton of Windsor, Vt.; George B., of Abington, Mass.; Mrs. Ellen Louise Durgin of this place; F. Pearl and Edgar D., Mass.; Walter Howard of Jamaica Plain, of Natick, Mass., and Llewellyn E., of Natick, Mass. Unto these were added ten grand children, and two great grand children. With the span of years and the number in the circle, those left behind, may well feel that God has dealt kindly with them.

Mrs. Pulsifer's early life was spent in Sumner and it was there she became a member of the Baptist church. Kind and helpful deeds have ever been a testimony of her christian life all along the way. The last few months of her life, health was failing but her daughter, Mrs. E. Louise Durgin gave her most devoted love and care.

The funeral service was at 2 o'clock Sunday afternoon, Rev. T. N. Kewley conducting the same in a most comforting way. Abundance of flowers and the decorations showed the esteem and love in which she was held and that loving hearts and hands wished to do until the last.

Of the children all were present but Mrs. Cotton who was detained by ill health. Grandchildren were present as were the wives of sons, a niece and many other relatives.

The mother was taken from her late home and carried to her last resting place in Riverside cemetery by the loving hand of her "boys" as she so loved to call them and of whom she was so justly proud.

Though her voice is hushed on earth and her hands are extended no more in kindness, yet the fervent prayers which she has uttered will continue to be answered and the good seed which she has sown broadcast shall yield a bouteous harvest, and while we linger here beneath changing skies and fading flowers, her spirit, all glorified hath entered that upper and better world where bloom unfading flowers and where God Himself is the light and the life thereof. *

Love's Awakening.

A look, and a touch, and a word,
I heard
Love's whispered message, low, sweet and clear
Divinest music the soul can hear.
A word, and a look, and a touch,
Not much
But Love awoke with a blissful smile,
And came to my empty heart awhile.
A word, and a touch, and a look,
It shook
Past resolution, and claimed my soul,
For Love, dear Love, had assumed control.

The Paragraph Pulpit.

BY EDWIN A. RUMBALL.

The younger son gathered all together and took his journey into a far country," why? There is no answer in the parable, the answer is in ourselves. The The greatest Bible is the personal experience of mankind. If you go to an old theology for the answer it might tell you that the young fellow left home because it was his "nature" so to do. Some have implied that he had to sin in order to be converted, but we cannot think that God puts a premium on sin. Our hearts do not confirm such teaching. Be sure of this, no young man is obliged to sow his wild oats. The reason for this young man's departure was that within him there was an unquenchable desire for life. Sin is a search for "more life and fuller."

"No life that breathes with human breath
Has ever truly longed for death."

Sin is a quest for the highest life, for God who is our life, but a quest on the wrong road. We are infinite, not finite, and the infinite we are is forever seeking to break through the limitations of the finite to realize itself. The sinner says, "I will have life no matter who suffers to get it for me." The prodigal blunderingly imagined he could reach the highest if he turned his back on love. He failed. All who seek God, the highest life, this way, fail. Sin is always an attempt, never an accomplishment. That is why the prodigal fed swine; that is why sin is doomed; that is why hell is doomed; that is why God who is life and love abideth in honor and o'er all reigneth eternally victorious.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

WATERFORD.

The minister of Waterford United churches has recently added more territory and work to his already large field by accepting for an indefinite period the pastorate of the First Universalist church at Bridgton. He now preaches as follows: Sundays, 10 30 Waterford First Congregational church; 2 30 p. m. Waterford Methodist Episcopal and Universalist church at South Waterford; 7 p m. Bridgton First Universalist church: on Wednesdays at 7 p. m. East Waterford and Temple Hill school houses alternately.

The Methodist Episcopal church of South Waterford has made a legal agreement with the First Universalist church of Waterford that, Whereas in the renovation of the Methodist church, the Universalists have contributed the major portion of the funds, it is agreed that if in the future these two churches should ever become again disunited, the church edifice shall always be open to Universalist preaching, provided it is not being used for Methodist preaching. Apart from the uniqueness of this agreement it well illustrates the spirit of love and unity that exist in the church life of these two societies. The success of the work here is not due to the minister so much as to the manner in which all work together, in no one seeking to rule the others. This is the great secret, happy the church that holds it.

Mrs. Samuel E. Cobb of Oxford has had a large farm of about four hundred acres in the town of Leeds fall to her from an uncle. The family are to move there in a few weeks. They have let their farm in Oxford for a year.

YEAR'S WORK IS CLOSED.

Our Three Academies Have Made an Honorable Showing and Graduated a Large Number of Young People.

Hebron Academy.

The 103rd anniversary has passed into history.

The baccalaureate sermon was by Rev. A. P. Wedge, pastor of the Northern Baptist church of Lowell, Mass., who graduated from Hebron 18 years ago.

The question: "Resolved, That labor unions in the United States, unwilling to submit the differences arising between themselves and their employes to arbitration, should be abolished by the federal government," had for the affirmative speakers Ernest L. Packard of East Hebron, Arthur C. Soule of South Windham and Raymond L. Conley of Camden, while P. Raymond Jackman of Sherman Mills, Robert E. Baker of Jamaica Plains, Mass., and John Carey of Boston upheld the negative. The judges were Frederick W. Hinckley and Rev. M. Joseph Twomey of Portland, and Harold C. Newton, A. M. The team prize was awarded to the negative, and it was decided that the best individual debater was R. E. Baker of the negative, Mr. Carey and Mr. Conley receiving honorable mention.

Prof. Elmer F. Newell, who has been principal of the school for two years, has tendered his resignation and the prudential committee is now engaged in the arduous task of securing a worthy successor. Mr. Newell has been a very satisfactory principal and the board gave him a most flattering testimonial.

The graduating class of 1907 consisted of twenty members, twelve of whom were selected to take part in the graduating exercises, which took place in the Chapel on Wednesday, June 12th. The parts were as follows:

Salutatory—Ruth Wadsworth Leavitt.

Chandler's Orchestra furnished the music for the occasion, and Chandler's Military Band headed the procession from the Chapel to Ingalls Hall, where the alumni dinner was served. The dinner was served by Lakeside Grange af Harrison and was a good one, as all who were at the tables are willing to testify. There was speaking after the dinner, Rev. B. J. Fitz serving as toastmaster. Although Mr. Fitz was pressed into the service most unexpectedly at almost the last moment, the choice proved to be a happy one, as Mr. Fitz was fully equal to the occasion. Among the speakers were Henry H. Savage, esq., of Boston, Herbert M. Sylvester of Otisfield, Samuel C. Sylvester, esq., of Harrison, Rev. Geo. P. Fuller of North Waterford, Principal Elmer F. Newell, Annie Bailey, a former teacher, E. N. Stevens, Rev. Chas. M. Davie and others.

The tables were well filled, over 100 being seated at them. Among those present were the following:—Rev. and Mrs. Geo. P. Fuller, Gladys Fuller, Herbert M. Sylvester and wife, Sam'l C. Sylvester, Dr. C. B. Sylvester, Mrs. Ada C. Corson, Alice Griffin Hill, Mary Wilkins Knight, Nellie Blake, Mrs. Catherine Blake, Edward Kimball and wife, Margaret Kitson, Marietta K. Manning, Eudora W. Gould, Georgia W. Horr, H. A. Shorey, jr., and wife, Rev. Chas. M. Davie.

Chandler's Orchestra furnished music during the dinner and the following exercises. This orchestra as well as the band, which led the procession, was furnished through the generosity of Hon. Edward F. Brown of New York, the president of the board of trustees.

The trustees of the institution are working hard to secure funds to build a new academy building in commemoration of the centennial of the Academy, which is to be celebrated next year, and the committee of ways and means, which has served so faithfully during the past year, is quite sanguine of success. At the request of the members of this committee they were discharged from service, and the following new committee on ways and means was chosen:—Hon. Melville E. Ingalls, Hon. Edward F. Brown, Henry H. Savage, esq., Prof. Chas. N. Chase, Chas. B. Sylvester, M. D., A. G. Hebb, M. D., Jas. Carroll Mead, esq.

It is intended that the Centennial of the Academy, which occurs in 1908, shall be celebrated in a fitting manner. The trustees placed funds at the disposal of the prudential committee to be used for the purpose, and the following centennial committee was chosen:—Hon. Edward F. Brown, Llewellyn Barton, esq., Alphonso Moulton and one member from each of the different associations of alumni.

What Another One Thinks.

DEAR MR. EDITOR:—I want to tell you that the lady who wrote in your last issue "A Wholesome Law a Blessing" voiced my sentiments exactly but in a much better manner than I could have written them, although I've been thinking about it for some time. Things are just as she sees them, both in the homes and on the streets.

I think here in Maine especially, as I never noticed it so much elsewhere, the children control and decide to a great extent their own comings and going and do the dictating, instead of the parents having stamina enough to decide what is best for the child.

Yes, I do think there should be a Curfew law in Norway, also a law to prevent any child or anybody's child under twelve years of age, don't know but what I ought to say fourteen, from going into halls of amusement, especially dance halls, at night time. If mothers can't go without them then I say stay at home with the children. In the years to come they will look back with more satisfaction knowing they did their duty by the child. This is how I feel in the matter but refrain saying more at this time.

Never Heard the Like.

The nurse, Julia R. Shorey, after seven weeks of successful nursing at the residence of Ezra Bosworth, East Hiram, has been nursing Lorenzo Martin, Bridgton. While at The Maplewood, Denmark, Miss Shorey saw and heard a whipoorwill robin redbreast singing like a robin with notes clear and sweet, then like a whippoorwill to all he cares to greet. Again, the Boyd girls say, like a mocking bird with strains one seldom meets. Many say they never heard the like.

Our New Hair Vigor

Ayer's Hair Vigor was good, the best that was made. But Ayer's Hair Vigor, new improved formula, is better. It is the one great specific for falling hair. A new preparation in every way. New bottle. New contents. Ask your druggist to show it to you, "the new kind."

Does not change the color of the hair.

Ayer's — Formula with each bottle. Show it to your doctor. Ask him about it, then do as he says

As we now make our new Hair Vigor it does not have the slightest effect upon the color of the hair. You may use it freely and for any length of time without fear of changing the color. Stops falling hair. Cures dandruff.

LOVELL.

The Visit of the Club.

The Fryeburg Woman's Library was entertained by the Woman's Library club of Lovell on Thursday, June 20th at Pine Grove hall. It was a beautiful day and a goodly number from each club was present.

The hall was decorated for the occasion with pine and fir and on the tables were tall vases filled with lilies of the valley and favors of the same at each place. At twelve o'clock a march was played by Carrie Chapman and the couples took their places at the lunch tables all joining in Auld Lang Syne, before being seated.

Lunch was then served after which Mrs. Harmon, president of the Lovell club welcomed the guests, and likening herself to Moses who had a brother Aaron, capable of doing all the talking, introduced her sister, Mrs. Sarah Charles as toastmistress. The toasts were then called for and responded to as follows:

Our striving.....Mrs. Iva Fox
Success.....Mrs. Caroline Newman
The new women.....Miss. E. G. Fife
The new man.....Mrs. Amelia Walker
The mother of clubs.....Mrs. Etta Kimball
The ideal club.....Mrs. Cora Charles

Mrs. Barrows, being called on as a guest of honor, gave some reminiscenses of her early associations with Lovell, saying by way of introduction that when she was a girl she used to hear a great deal about "Lovell tricks" and was sure that calling upon her was one of them. Mrs. Emily Stone being called upon then made a few remarks, after which the meeting adjourned until a later hour. At three o'clock the company reassembled and the following program was presented:

Music.....Mrs. Charlotte Hatch
Song, Sometime.....Carrie Hubbard
Song, O Liebertiaum.....Mrs. Ida Charles
Sketch of Tennyson's life...Mrs. Jillian Meson
Duet, Sweet and low.....
.....Mrs. Carrie Kimball, Mrs. Nellie Eastman
Song, The brook.....Mrs. Ida Charles
Song, Tears, idle tears.....Mary Woodbury
Music.....Carrie Chapman
Scene from Tennyson's Guinivere.
Guinivere.....Mrs. Marion Walker
King Arthur.....Mrs. Olive Barker
Little Novice.....Carrie Hubbard
Two nuns.....
.....Mrs. Jennie Emery, Jessie Chapman
Reading accompanying.....Frances True

Gladys Robinson gave a cornet solo, after which Mary Gordon, president of the Fryeburg club expressed the guests appreciation of the day and spoke of the question of joining the State Federation which was being discussed by the club at Fryeburg. Anna Barrows spoke of the help which the small country club may receive from the Federation and also of the help which they may give to it. Mrs. Hobbs of Lovell then offered a toast to the Fryeburg women who rose in appreciation of the sentiment they expressed.

The meeting was adjourned for the day and cake and sherbet were served. Miss Woodbury, by request, sang, The Crossing of the bar and Miss Robinson gave another cornet solo. The guests then departed waving back their final farewells as the teams drove away from the door of the hall.

The whole day was no less pleasant to the entertainers than to the entertained. The greeting of old friends, the meeting of new ones, and the discussion of club work was felt to be not only a pleasure but a help as well.

Thirty-three guests from Fryeburg were present, forty-one members of the Lovell club, six visitors from Lovell and vicinity, and ten young ladies of Lovell, who served as waitresses.

There will be an auction sale of farming tools and household goods at Charles Walker's, near Elisha Turner's, at Bolster's Mills, Saturday, June 29, at 1 o'clock. D. M. Stuart, auctioneer.

Rheumatism Cannot Be Cured Unless Uric-O is Used

Sudden Deaths, Heart Failure and Paralysis Are Caused By Poisonous Uric and Rheumatic Acids.

The Rheumatic person is skeptical regarding the claims of almost any remedy advertised as a cure for Rheumatism and one can scarcely blame him for being so. All the plasters and liniments combined never actually cured a case of Rheumatism. They may relieve it one quarter, but it is sure to break out somewhere else. The only true way to cure Rheumatism, is to drive it from the system, for as long as the Uric and Rheumatic Acid remains in the blood, one is never entirely free from the trouble. This is where the value of Uric-O as a permanent cure for Rheumatism comes in. It seeks out the Rheumatic poison in the blood, muscles and kidneys, renders it inert and harmless and drives it out of the system. That is why Uric-O is such an admirable and effective cure for Rheumatism.

The chief reason that Uric-O is such a wonderful cure for Rheumatism is, that it is designed and prepared to cure Rheumatism and Rheumatism only. It is composed of perfect antidotes for the rheumatic acid poison in the system. That is the secret of its wonderful success. Rheumatism simply cannot exist in a person's system if Uric-O is used.

Uric-O is sold by druggists at 75c and $1.00 the bottle, but if you still feel skeptical about its efficacy you can test it free of charge by cutting out this advertisement and sending same, together with your name and address, also the name of your druggist, to the Smith Drug Company, Syracuse, N. Y., and they will send you a sample bottle free. To persons who write and say they have never used Uric-o, and want to test it thoroughly, and will agree to take it systematically according to directions, they frequently give a regular 75c bottle free.

Uric-O is sold and recommended in Norway by the Noyes Drug Store. 26-27

A Social Good Time.

June 20, the ladies of the Free Baptist circle spent the day with Mr. and Mrs. Nathaniel Lamb. We expected a good time and were not disappointed. Mr. and Mrs. Lamb are a model host and hostess and know how to make each one enjoy themselves.

At 12 30 a dinner was served fit for a king which Mrs. Lamb furnished. She said she would give us a good old fashioned dinner, but if all farmers live as well I shall vote to be one. Beans, brown bread, white bread and pickles was the first course, then doughnuts and cake of every description, some plain, some frosted white while others were frosted with chocolate, then came pies. How we ever got home is a mystery.

The afternoon was devoted to work and business, while a social hour was given to vocal and instrumental music.

Friday morning about 9 o'clock, Wallace G. Everett was brought before Judge William F. Jones for a hearing on charge of the murder of Edgar L. Radcliffe at Paris Hill, Thursday night, June 13th. Court was opened at Judge Jones' office and immediately adjourned to Concert hall, which was well filled with eager spectators, there being about 200 people present.

C. O. Barrows of Portland was court stenographer. County Attorney Charles P. Barnes for the state. Hon. John P. Swasey of Canton, Hon. A. S. Kimball and M. L. Kimball for the defense.

Judge Jones read the warrant to which Everett answered "No sir, not guilty."

County Attorney Barnes proceeded to explain the location of the mine, where the tragedy occurred, and described the place in some detail and other things that are connected with the affair, then he called High Sheriff Hiram R. Hubbard and James W. Gibbs, who were sworn as witnesses. Sheriff Hubbard stated that the office of the Brown mine, as it is called, is in the clerk's office of what formerly were the county buildings at Paris Hill. It is about 75 rods from his house to this building. He first got word of the explosion a few minutes after ten o'clock, Thursday night, June 13. Dan Winslow brought word to him. He reached the mine about a quarter of eleven. Mr. Everett was standing at the door of the big mill. Told him that the small powder house was blown up and that he had fastened a man in it. Supt. Henry R. Bacheldor, Daniel Winslow and Elmer Cummings were with Hubbard. Found hole in the ground where the house had stood about the size of a large wash tub. The body was nine feet from this hole. Radcliffe was breathing when he reached him. He and Everett stayed near the body. At 11:15 Radcliffe was not breathing.

Dr. J. G. Littlefield and Coroner William J. Wheeler of South Paris, who had been sent for, arrived about 1:30. Body was moved to Hubbard's store, where an inquest was held Friday forenoon.

James W. Gibbs, 20 years old, lives at Paris Hill and is employed at the Brown mine, has worked there about a year. As far as he knew Everett always carried the key to the dynamite house. Gibbs always prepared the dynamite for immediate use, would order it of Everett and he would get it for him. There were three people employed at the mine, Wallace Everett, Charles Howe and himself. Gibbs first heard of accident about 6:30 Friday morning. Heard of it before he left home. Went to his work as usual on Friday morning, met Everett who told him that Ed had broken into the dynamite house and was blown up.

He was called from the hill where he was prospecting when the coroner and his men were looking over the ruins. Also helped Everett later in the day, who said he had been told to find the foot that had been blown off. Charles Howe was also with them. Everett saw something glistening and says, "What is this?"

Gibbs says, "It is a knife." They picked knife up. Everett said it must be Ed's knife and what he pulled the staple with. Knife was partly covered up, could only see a part of the handle. Finished the search a little after 4:30 Friday afternoon; was at the mine Saturday. The keys were given to Gibbs when Everett was arrested Monday. Everett didn't say much to him about the affair.

Cross examined by Mr. Swasey. The dynamite house was about 4x6 feet and tall enough for a man to stand up in.

At this time Gibbs was asked to step aside as Scott Colby, one of the witnesses, was anxious to get home on account of sickness in his family. Mr. Colby lives on a farm at Paris Hill about a mile from the mine. Radcliffe had been employed by him. Ate his supper Thursday night at about 7:30 and went up lane from house. Had seen Everett and Radcliffe together considerable. After a few other questions Colby was excused.

Gibbs recalled and stated that knife was found about 13 or 14 feet south of dynamite house near where body laid, also found eagle of stove damper near. The knife had a light colored bone handle and was stained with blood. Had heard Everett speak about Radcliffe being there. Swasey asked a few other questions, then William J. Wheeler, coroner, of South Paris was called.

He told what Everett told him of the affair, the substance of which was given in the ADVERTISER last week. Everett told him he was sure that it was Radcliffe.

Dr. Bial F. Bradbury of Norway was then called and described the condition of the body when he performed the autopsy, Monday. Dwelt at some length on the cut in the throat. The foot of left leg was blown off, flesh was badly torn. The right leg showed but few points of injury; thigh was torn; face showed bruises; no injury to skull; no definite injury to brain; left lobe of brain above and back of ear slightly congested. The wound in throat was about two inches long and was deep, must have been made with pointed instrument. The instrument must have been sharp on one side, it struck solid matter at back of neck. The lungs were filled with bloody froth.

At ten minutes of twelve the court was adjourned until one o'clock.

At the opening in the afternoon, Dr. Bradbury was recalled and asked by the county attorney if he should consider that the wound was self inflicted and he answered "No."

One or two questions were asked by Mr. Barnes, then the case was turned over to Mr. Swasey, who moved that Everett be discharged. Judge Jones declined and asked for the defense to proceed. No witnesses were called but Mr. Swasey stated that he did not consider that there was any evidence to warrant the holding of Everett. He was on the grounds in the performance of his duties. No doubt of the death and the articles being found but there was no evidence to show that Everett had ever had the knife. That was the principal part of Mr. Swasey's remarks.

Judge Jones stated that he had no jurisdiction in the matter, only to consider the evidence to see if he be held. Under the circumstances he would have to decline to discharge him without more evidence from the defense. Mr. Swasey stated that there was nothing further.

Judge Jones decided that Everett be held for the grand jury, which meets the second Tuesday in October and be committed to the South Paris jail without bail.

Everett only nodded and resumed his seat. Throughout the trial he was very quiet and self possessed.

NATURE PROVIDES FOR SICK WOMEN

LYDIA E. PINKHAM

a more potent remedy in the roots and herbs of the field than was ever produced from drugs.

In the good old-fashioned days of our grandmothers few drugs were used in medicines and Lydia E. Pinkham, of Lynn, Mass., in her study of roots and herbs and their power over disease discovered and gave to the women of the world a remedy for their peculiar ills more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value.

During its record of more than thirty years, its long list of actual cures of those serious ills peculiar to women, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person and every thinking woman.

When women are troubled with irregular or painful functions, weakness, displacements, ulceration or inflammation, backache, flatulency, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

No other remedy in the country has such a record of cures of female ills, and thousands of women residing in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable compound and what it has done for them.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. For twenty-five years she has been advising sick women free of charge. She is the daughter-in-law of Lydia E. Pinkham and as her assistant for years before her decease advised under her immediate direction. Address, Lynn, Mass.

Breakfast Muffins.

What more delicious breakfast at this season than a simple one of light, crisp muffins, fresh strawberries and the best of fragrant coffee. Here are a few good rules for muffins: For those of plain wheat, use one quart of flour, two cupfuls of milk, half a cupful of sugar, two eggs, two teaspoonfuls of cream tartar, one of soda, half a teaspoonful of salt and butter the size of an egg. Sift the flour, soda, cream of tartar, sugar and salt together. Beat the eggs into the milk, adding both to the sifted flour. Melt the butter with four tablespoonfuls of boiling water and add that also. After beating thoroughly, bake in buttered muffin tins from twenty-five to thirty-five minutes in a hot oven.

A few chopped dates stirred into a batter such as this will make an agreeable change from plain muffins. Boiled rice makes a good addition to a wheat muffin batter, and it is an economical way of using up cold rice. One good rule calls for a quart of flour, a pint of cold boiled rice, three eggs, two tablespoonfuls of sugar, a teaspoonful of salt, one of soda and two of cream of tartar. Beat well and bake thirty five minutes in muffin pans.

For raised wheat muffins scald a pint of milk and let it cool until lukewarm. Then add a scant half cake of yeast. Rub a scant half cup of butter or shortening through a quart of well warmed flour. Then add the yeast and milk, beating well until the batter blisters. Let it rise overnight. In the morning fill muffin cups half full of batter and let rise an hour, or until very light, and bake about half an hour.

Corn muffins are an ideal breakfast dish on balmy May mornings. One rule calls for a half cup of sugar, a scant half cup of corn meal, one and a half of flour and three teaspoons of baking powder. Mix together in the usual way and bake about half an hour.

Another rule for corn muffins includes three eggs, two heaping tablespoonfuls of butter, four of sugar, two cups of milk, in which a scant teaspoonful of soda has been dissolved, one and a half cups of flour, one large cup of cornmeal and two teaspoonfuls of cream of tartar. These muffins are somewhat more expensive than the ordinary kind, but they have the consistency and lightness of cake. Cream the butter and sugar, and add the yolks of eggs and then the milk and soda. Sift the flour, cornmeal and cream of tartar together into another bowl. Repeat the sifting twice. Stir the other mixture into the sifted flour. When it has become a smooth batter add the whites of the three eggs beaten to a stiff froth. After folding them in bake the batter in a quick oven.

For graham muffins have on hand half a cup of sugar, an egg, a tablespoonful of butter, a pint of sour milk, a teaspoonful of soda and enough graham to stiffen. Examine the graham very carefully, as it is impossible to sift it through the ordinary sifter. Then mix together in the usual way.

Cornmeal muffins may be prepared in the same way, using two cups of cornmeal and one of flour instead of graham. This will, of course, make cheaper and coarser muffins, than the other rules for cornmeal muffins, but some people may like them just about as well.

Graham muffins are sometimes fried in deep fat just like fritters. They make a change. Maria Parloa prepares them in the following fashion: Measure out one and a half pints of graham flour, half a cup of sugar, a teaspoonful of salt, a teaspoonful of soda, two teaspoonfuls of cream of tartar, or, if you prefer, two rounded teaspoonfuls of baking powder, a pint of milk and two well beaten eggs. Mix together in the usual way and fry in smoking hot lard.

A Modern Petition.

O Lord, I come to thee in prayer once more;
But pardon that I do not kneel before
Thy gracious presence, for my knees are sore
With so much walking. In my chair, instead,
I'll sit at ease and humbly bow my head.
I've labored in thy vineyard, thou dost know;
I've sold ten tickets to the minstrel show;
I've called on fifteen strangers in our town,
Their contributio .s to our church put down;
I've baked a pot of beans for Wednesday's spree,
An old-time supper it is going to be;
I've dressed three dolls, too, for our annual fair,
And made a cake, which we must raffle there.
Now with thy boundless wisdom, so sublime,
Thou knowest that these duties all take time;
I have no time to fight my spirit's foes;
I have no time to mend my husband's clothes;
My children roam the streets from morn till night;
I have no time to teach them to do right;
But thou, O Lord, considering my cares,
Will count them righteousness and heed my prayers.
Bless the bean supper and the minstrel show,
And put it in the hearts of all to go.
Induce all visitors to patronize
The men who in our program advertise,
Because I've chased those merchants till they hid,
Whene'er they saw me coming—yes they did.
Increase the contributions to our fair,
And bless the people that assemble there.
Bless thou the grap-bag and the gypsy tent,
The flower table and the cake that's sent,
May our whist club be to thy service blest,
The dancing party, gayer than the rest;
And when thou hast bestowed these blessings then—
We pray that thou wilt bless our souls.
Amen.

Mrs. Almira A. Jackson, of East Front St., Traverse City, Mich., says: "For twenty years I was doctoring for kidney and liver trouble, but without benefit. Just before I began using Doan's Kidney Pills I was almost paralyzed. I could hardly stand on my feet because of the numbness and lack of circulation. Had a knife been thrust into my kidneys the pain could not have been more intense. My sleep was disturbed by visions of distorted figures. The kidney secretions were annoyingly irregular, and I was tortured with thirst and always bloated. I used seven boxes of Doan's Kidney Pills. The bloating subsided until I weighed 100 pounds less, could sleep like a child and was relieved of the pain and the irregularity of the kidney action. My circulation is good and I feel better in every way."

"BLUE DEVILS."

Get Rid of Indigestion and Things Will Look Bright and Joyous.

Everything looks gloomy and dark to the person suffering with indigestion.

Until the prescription known as Mi-o-na stomach tablets was put up in popular form as a safe and effective cure for sick headache, indigestion and stomach troubles, the "blue devils" made everything look dark, gloomy and depressing.

After a few days use of Mi-o-na the sick headache, dizzy feeling, drowsiness, bad taste in the mouth, distress after eating—all these symptoms of a weak stomach—will disappear, and with perfect digestion there will be a joyous and beautiful outlook.

Mi-o-na stomach tablets are sold only in a neat metal box convenient for the vest pocket and cost 50 cents. Frank Kimball, at the Noyes Drug Store has seen so many cures made by Mi-o-na stomach tablets that he gives a guarantee with every box that the money will be refunded if the remedy fails to give satisfactian. 24&26

The Uses of Corn Starch

The time is past when corn starch was merely a basis for dessert. It is now recognized by expert cooks to be a most unique aid to better cooking and baking. More than this, authorities recognize it to be a food so valuable that it should form a large part of our everyday diet.

DURYEAS' Corn Starch

REMEDY FOR SEASICKNESS.

Maine Man Discovers Way to Cure It as Well as Carsickness.

Now that it is the season for travel, when nearly everyone takes at least a short water trip, here is a remedy for seasickness that is invaluable. It has been used by many travellers who invariably suffered from seasickness until they tried this remedy.

As soon as the vessel starts, take from fifteen to thirty drops of Neuralgic Anodyne in a little warm water sweetened, repeating the dose every thirty minutes until the stomach is settled and the nerves quieted. No matter how rough the ocean, or how the ship may roll and toss, Neuralgic Anodyne will give relief in seasickness.

This remedy is invaluable for all nerve aches or pains, curing neuralgia, headache, toothache, etc. when used externally. A large-sized bottle costs but 25 cts., and is sold everywhere, under guarantee to cost nothing unless it gives satisfaction. Made by The Twitchell-Champlin Co., Portland, Me.

The Battle of Life

"It is not so hard to earn money as is to spend it well."

That's the idea of the noted and lamented Spurgeon.

There are a thousand of ways in which to spend money ill, especially when it comes to furnishing a home.

We've thought the question over carefully—made it our life business to teach lessons in spending money well.

This store will be found an academy of learning for old and young in the work of Selecting FURNITURE of Beauty and Utility for the home.

You may know as much as we—may know more—but we'll gladly lend you our share of "Knowing How" to any who wish it. Combined the result may be pleasing. Try it.

Both Mr. and Mrs. Pratt have made many friends during their stay here and one and all will regret to learn of their departure.

Mr. Pratt will receive a much larger salary as principal of the Oakland High school, and also be near to his property interests which are situated in Fairfield.
